

How to plant a bulb?

You will need:

- A flower pot
- A spoon or trowel
- Some soil
- 2 or 3 bulbs
- A watering can

To plants the bulbs:

Get the flower pot.

Push the bulbs gently into the soil, with pointed part upwards.

Use the spoon or trowel to scoop the soil into the flower pot.

Cover the bulbs with soil.

Fill the flower pot to the top.

Water the bulbs.

Make a hole in the soil for each bulb.

Leave to grow, watering regularly.
