# Committed to inclusion

The **Dolphin Company** is committed to the goal of providing memorable experiences for everyone, so it continues to implement inclusive actions that meet the needs of all visitors.

Last August, **Miami Seaquarium** welcomed fifteen students from the Miami Lighthouse for the Blind and Visually Impaired summer program, where they had the opportunity to experience an encounter with Dolphins, Sea Lions, Bamboo Sharks and Birds through a multi-sensory experience in which they made use of their other senses, especially touch.

Also, during the month of September, **Dolphin Discovery** commemorated Manatee Day with various activities, which were attended by more than 500 people. These events featured Mexican Sign Language interpreters, as well as sensory and braille materials, promoting the inclusion of all visitors.

**Dolphin Discovery** remains committed to approach and inform the community about the species it houses in its Habitats in order to propose actions in favor of environmental and animal care. And what better way to do this than through inclusive initiatives that provide wonderful and unique experiences.

## The Dolphin Company's parks among the best in the industry

**Ocean Adventures**, **Columbus Romantic Dinner Cruise** and **Selvática** were recognized during the Travelers' Choice Awards 2023 as some of the favorite activities of travelers around the world, according to the excellent comments and ratings collected on the platform over the past twelve months. In short, the visitors are the ones who decide the winners, and they have chosen three of **The Dolphin Company's** brands!

This is the fifth time that the **Ocean Adventures** Marina located in Punta Cana, Dominican Republic, has been awarded thanks to the experiences it offers: Interactive Programs with Dolphins, **Caribbean Buccaneers** tours to witness pirate shows and Dr. Fish Spa, the only spa at sea.

Also, **Columbus Romantic Dinner Cruise**, the romantic tour of **Marina Aquatours** located in Cancun, Mexico has been awarded for more than ten years. It is the only activity of its kind in the city.

**Selvática**, on the other hand, has been featured in the award thirteen times thanks to its adventurous activities.

**The Dolphin Company** takes pride in offering excellent adventure attractions for all its Guests.

# The Dolphin Company participates in PAMAC Summit

The Dolphin Company is known for offering a wide variety of activities in its Dolphin Habitats and Water and Adventure Parks around eight different countries, which receive thousands of visitors a years, that's why it is in constant update to keep positioning itself in the tourism industry.

To achieve this goal, they participated in the PAMAC Summit as Platinum Members of the Florida-Caribbean Cruise Association, which was held in the Cayman Islands, and it is designed to talk about the inner workings of the cruise industry and help attendees improve their tourism business with this approach.

The Dolphin Company is always looking to provide the best experiences for its Guests, especially when serving as a strategic partner of cruise lines in Cozumel, Costa Maya, Jamaica, Grand Cayman, St. Kitts, Dominican Republic and Puerto Vallarta.

We have more plans and projects that we will share with you in this same way. Stay informed through us.

# Lolita

### Conservation Ambassador

On August 18, The Dolphin Company family announced the passing of Lolita, the orca who lived under human care at Miami Seaquarium.

While her departure is sad, her legacy will live on as a beacon of inspiration in the field of conservation and environmental education.

Lolita was a vital part of the Miami Seaquarium community for many years. Throughout her life, she not only amazed thousands of visitors, but also became a living symbol of the importance of protecting the marine environment.

The Dolphin Company reaffirms its commitment to work tirelessly in conservation and environmental education, honoring Lolita's memory.

## Virtual Reality Experience at Miami Seaquarium

Miami Seaquarium announced its virtual reality experience with dinosaurs in its facilities starting september 9, named Jurassic VR Park. It offers a prehistoric journey with various creatures, including tyrannosaurs, brontosaurus, velociraptors and triceratops.

This 60-minute attraction is the largest in the world, and it is designed for adults and children over the age of 8.

Jurassic VR Park is the ideal experience to immerse yourself in this fascinating world accompanied by fun and learning about dinosaurs.

## Animal Rescue

**The Dolphin Company**

### Gulf World's efforts towards animal care

On July 13, **Gulf World Marine Institute (GWMI)** reintroduced Arrow, the Sea Turtle that was rescued from the Russell-Fields City dock two months earlier, back into the Gulf of Mexico.

This is not the first time Arrow has been in rehabilitation with GWMI and for the same reason: she was accidentally hooked on a fisherman's hook at a local pier.

Fortunately, she has been treated in time and, on both occasions, the Florida Fish and Wildlife Conservation Commission has authorized her reinstatement.

Continuing their remarkable work, in late July they rescued a female rough-toothed Dolphin stranded in the St. Vincent Island National Wildlife Refuge in Franklin County, Florida.

These successful rescue and rehabilitation cases would not have been possible without the support and knowledge of GWMI, whose medical services have been very helpful in benefiting the inhabitants of the marine world.

## Meet the Ocean Ambassadors

**Dolphin Discovery** introduced the first Ocean Ambassadors through its social media channels.

The goal of this campaign is to find those children who love, care and conserve animals and the environment, who will have the opportunity to visit some of **Dolphin Discovery's** Habitats and participate in videos to raise awareness about environmental care and conservation through their networks and other media.

These types of campaigns accentuate the commitment that **Dolphin Discovery** and **The Dolphin Company** have with the community, as they make possible the interaction with Marine Mammals, creating bonds that will awaken interest in the natural environment.

# Anniversaries at

## Aquarium Mar del Plata

On July 9th, Aquarium Mar del Plata celebrated its 30th anniversary since it first opened its doors.

This Park located by the sea has a wide variety of fauna and offers the opportunity to interact with Dolphins, Sea Lions and Penguins. It also provides educational talks with the aim of recognizing the importance of biodiversity preservation and the work carried out by the Marine Fauna Rehabilitation Center (CRFM).

## Loving is Caring

Loving is Caring, The Dolphin Company's campaign on responsible pet ownership, celebrated its sixth anniversary by donating over half a ton of dog kibble to various shelters in Cancun.

Throughout these six years, **Loving is Caring** has stood out for the delivery of thousands of identification tags, the donation of tons of kibble, the sterilization of hundreds of pets, the support in the medical intervention for dozens of dogs and cats, as well as the participation in events and raising awareness about pet care through social networks.

Thanks to this campaign, **The Dolphin Company** seeks the welfare of pets and homeless animals, reflecting their commitment to the community.
