The Dolphin Company celebrates Children's Day with 10,000 Smiles

Last April, our Amusement Parks in Mexico: Selva Magica in Guadalajara, and Aquaventuras Water Park in Puerto Vallarta celebrated the seventh edition of the event with a cause, 10,000 Smiles. With which new toys were collected to donate to diverse foundations to celebrate Children's Day.

Before the pandemic, The Dolphin Company had carried out 6 successful editions of 10,000 Smiles through its Dolphin Discovery Foundation I.A.P. in various Parks and Habitats of its family, which together supported several children's foundations in health and education areas.

In this way, the company reaffirms its commitment to the community and the welfare of new generations.

Dolphin Day 2023 Celebration

The Dolphin Company, through its Dolphin Discovery brand and the program To Know is to Love, offered from April 18 to 24 a series of inclusive activities to commemorate Dolphin Day, which is celebrated on April 14 each year.

Some of the activities included visits to schools where children learned important information about Dolphins and actions to protect them. A lecture series was also held at the planetarium in Cancun, Quintana Roo, Mexico.

Every year, at The Dolphin Company we carry out activities to commemorate Dolphin, Sea Lion, and Manatee Day so that the entire community can learn more about the species that live in our care.

The Dolphin Company continues its animal rescue mission

The Gulf World Marine Institute at our Gulf World Park in Panama City Beach, Florida, reintroduced a Turtle that was stunned by the cold. The Turtle was cared for by Specialists and Veterinarians for reintroduction by the Florida Fish and Wildlife Conservation Commission.

Days later, they also helped reintegrate a Sea Turtle that had been accidentally caught by a fisherman.

Thanks to GWMI's assistance and follow-up, Hy was successfully rehabilitated and reintroduced back into the Gulf of Mexico with the cooperation of the Florida Fish and Wildlife Conservation Commission.

Our Zoomarine Multiexperience Park located in Rome, Italy, returned "Gui" Turtle to the sea in perfect health after almost three months of rehabilitation. Gui's reintegration into the sea was possible thanks to the Zoomarine Foundation, Tartalazio, and the Finance Guard of the Naval Aviation Task Force of Civitavecchia.

Anniversaries at

Selva Mágica

On May 21, our Amusement Park, Selva Mágica, in Guadalajara, Mexico, celebrated its 35th anniversary. During this time it has offered unforgettable experiences to several generations, which has made it one of the most iconic parks in the country. Visitors celebrated the day with cupcakes and special activities.

Marineland

In June, our Marineland Park in Florida celebrated 85 years of making history as the world's first oceanarium. It is one of the most important Dolphin Habitats in the United States and the world due to its historical value, contributions to the scientific community, and species conservation.

It opened its doors in June 1938 as Marine Studios and was transformed into a Habitat of Interaction as people became interested in learning more about the relationship between humans and marine life.

As part of the celebration, a presentation was given recounting the history of Marineland and its importance for the research and care of species.

Dolphin Discovery launches the Ocean Ambassadors campaign

Dolphin Discovery launched a campaign on social media, called Ocean Ambassadors, with educational videos, in which through the perspective of girls between 5 and 13 years old, we learn about the conservation actions that are carried out in our Habitats.

In this way, we seek to inform people, especially the new generations, about the species that live under in our care and how we can all participate in caring for the environment.
